Project 1

Mapping Globalization

On a map of the world, show the impact of globalization and the influence of other countries/cultures on your community or province. Use different coloured and labelled arrows to show the various impacts and where they originate.

Example presentation forms:

- interactive media
- Web site
- poster

Use these tools and information sheets:

- [Poster Planner](#)
- [Web Site Planner](#)

Project 2 Cultural Artwork

Create a work of art that shows how your culture has been affected by globalization. Use imagery to express changes, adaptations, opportunities and challenges faced by people of your culture due to globalization. Present your artwork to the class and explain the imagery used.

Example presentation forms:

- painting
- collage
- sculpture

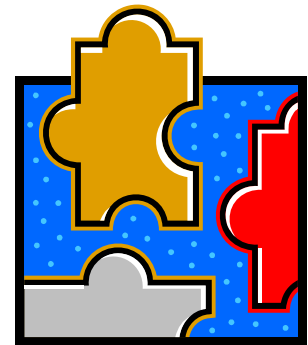

Use this tool and information sheet:

- [Collage Planner](#)

Project 3 Problem Solving

Use a problem-solving model to examine the problem of maintaining culture and identity in a globalizing world. Consider how different forms of media, e.g., television, films, the Internet, multimedia, books, magazines, newspapers, impact the many different cultures found in Canada. Choose a specific case to use as an example and develop and present several possible solutions. Indicate which solution you think is best and why.

Example presentation forms:

- Web site
- report
- television show
