ASSESSMENT

Learning is assessed using a variety of tools and strategies within the classroom. Ask the teacher what methods they are using. The different assessment methods tell you, your teen and your teen's teacher about your teen's strengths, the areas in which they might grow and how well they are doing throughout a course. At the end of the course, your teen will be assessed and their achievement will be reported so that you know if they have achieved the expected learning outcomes for the course.

At the end of a 30-level course, your teen will write a provincial diploma examination. Your teen's final mark in a 30-level course is determined by taking 70% of the school-awarded mark and adding it to 30% of the diploma examination mark. Your teen must achieve a final mark of 50% or higher to obtain credits for the course. For general information about diploma examinations and for course-specific diploma examination information, contact the Provincial Assessment Sector at 780-427-0010 (toll-free within Alberta by first dialling 310-0000).

You play an integral role in your teen's education by providing the encouragement and support he or she needs to succeed.
