

## Division 3: Learning Preferences Inventory

### Directions for Students:

Think about how you work with others. For each of the statements below, check whether this describes your behaviour most of the time , some of the time  or not often .

		Most of the time	Some of the time	Not often
1	I like to work with a partner.			
2	I like to work with others in a group.			
3	I like to listen to what my classmates have to say.			
4	My classmates and friends often seek my opinions or ideas.			
5	I learn better when I have the chance to teach others.			
6	Hearing what others have to say helps me think.			
7	I use self-talk to help me organize my thinking and use my memory skills.			
8	I like to write down my ideas.			
9	I like to experiment with new ideas and information by myself.			
10	I like to find new information on my own.			
11	I learn best when I try something by myself.			
12	I like to complete my work alone.			
13	I draw to express my ideas.			
14	I find charts, diagrams and graphs easy to understand.			
15	I like looking at pictures or watching something to help me remember information.			
16	When I think to myself, I see pictures.			
17	I like to write things down when I need to remember them.			
18	I like to use or create visual images to help me remember information.			

## Division 3: Learning Preferences Inventory (continued)

### Directions for Students:

Think about how you work with others. For each of the statements below, check whether this describes your behaviour most of the time , some of the time  or not often .

		Most of the time	Some of the time	Not often
19	I enjoy sharing stories and telling jokes.			
20	When I try to remember something, I can hear it in my head.			
21	I learn when I have the chance to discuss ideas with my classmates.			
22	I contribute to discussions by asking questions and sharing my ideas and opinions.			
23	I prefer to talk about what I know.			
24	I learn from opportunities to show others what I know and can do.			
25	I like to hold something like a pen or pencil when I'm listening to others.			
26	I think better if I move around.			
27	I like to build and make things to demonstrate my understandings.			
28	When I am not sure how to write a sentence, I try to write different versions to see what works best.			
29	I like to handle things that I am using to learn.			
30	I like to understand how things work.			

Questions	Total	Most of the time (13 to 18)	Some of the time (8 to 12)	Not often (7 or lower)
